Report of Principal and School Improvement Council

Ebenezer Avenue Leadership Academy students are working through the process of becoming motivating, compassionate role models who will apply good communication skills as visionaries and leaders of tomorrow. Our goal is to continue to provide a solid foundation and elite opportunities for our student leaders each and every school year. Students in grades pre- kindergarten through sixth have been immersed in the school's leadership focus this year. The school community has embraced the concept and new partnerships continue to be developed as a result of businesses volunteering to support the initiative. Maerk Line Inc. and SC Bank and Trust were two major businesses added this year! Ebenezer Avenue has been named as an official partnership school with Winthrop University for the first time in the history of the school. We are dedicated to our school-wide leadership focus and as a result, our students are truly "Leading the Way!"

This school year has been a tremendous success for everyone involved in the educational journey of our students. Our PTO successfully sponsored our annual "Family Fun Run" as a healthy option to raising money for the school as well as held many other supportive events! Parents have joined in and donated several dollars to assist with providing unique educational experiences for our leadership students. Learning continues to be heightened to a new level and expanded beyond the walls of the school due to the support of our parents, PTO, SIC and business partnerships! The incorporation of new technology such as iPads and sponsorships of field studies allowed the curriculum to come ALIVE for the students. We are very thankful for our parent volunteers and business partnerships!

In order to further our quest to increase academic success and recognize the important role that effective leadership skills play in educating our students, we invite you to join us in leading our leaders of tomorrow!

Sandra McDonald, SIC Chair

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
